CHEESE

Barkham Blue

The deep yellow, moist interior is spread with dark blue. It has a rich blue taste, smooth buttery texture with a melt in the mouth flavour, without the harshness associated with some blue cheeses.

Oxford Blue

In 1994, Baron Pouget first developed the recipe for Oxford Blue which, over a period of time, was adjusted and refined to its present form: a creamy semi-soft blue cheese.

Cropwell Bishop Stilton

A rich and tangy stilton with a melt in the mouth, velvety soft texture.

Wigmore

Sweet delicate sheep's milk cheese made by Anne and Andy Wigmore of Reading, Berkshire.

Rosary Ash

Light and zesty goat's milk log rolled in ash, the traditional covering for young goat's cheese. Made by Chris Moody in the village of Landford in Wiltshire.

Waterloo

An unpasteurised cow's milk cheese. A mould-ripened soft cheese, with a yellow interior. The rind is a grey/rust colour and the cheese itself is runny, buttery and lightly salty towards the outside, with a firmer consistency and more acidic flavour toward the centre.

Spewood

A hard pressed cheese made from unpasteurised Ewe's milk, fully matured for six months with a natural rind. Well developed nutty flavour similar to Parmesan.

Tunworth

Award winning cheese with a long-tasting nutty and sweet milky flavour.

Served with Chutney | Quince jelly | Crackers
